

# SONS of LIBERTY

THE UK'S OWN ORIGINAL HARD SOUTHERN ROCK BAND

It bears comparison to their illustrious heroes rather than sounding like a pale imitation – Hugh Fielder, Classic Rock Magazine

Damaged Reputation.....has made the massive leap to our main playlist - that's how highly we think of it - Paul Anthony, Planet Rock Radio

The band from Bristol have established themselves as one of the most popular live and recording bands on the current original hard rock scene. With a reputation built on a solid foundation of extensive live touring, blistering live performances and a passion for creating exceptional new rock music the bands trajectory has been extraordinary.

Sons of Liberty are Fred Hale and Andy Muse (Guitars), Mark Thomas (Bass) and Steve Byrne (Drums) with Rob Walker on the microphone.

The band released their debut recording, the '...Shinola' EP in 2018.... with the follow up 'Aged in Oak' releasing later that year. The first album 'Animism' was released in 2020 featuring the single 'Damned If You Do'.... with the band being voted 2020 #4 band of The Year by the New Wave Of Classic Rock fan group.

2021 saw the release of their highly acclaimed sophomore album 'Aces & Eights', which was produced and engineered by Josiah J Manning (Kris Barras Band) featuring singles Don't Hide Behind Your Weakness (Classic Rock Magazine 'Tracks of the Week'), Ruby Starr (Classic Rock Magazine 'Tracks of the Week'), Damaged Reputation (as play-listed on Planet Rock Radio) and Fire & Gasoline ('Track of The Week' on Planet Rock Radio) and also featured on the UK top 10 charting Official New Wave Of Classic Rock - Volume 1 'rising stars' CD

The Sons have recently toured as special guests to FM and to Grand Slam as well as becoming festival favourites in the UK and in France. 2023 sees US Southern Rockers, Preacher Stone coming to the UK to co-headline a national 9 date tour with the Sons.

The band are currently recording their third album, building on all of that vintage rock'n'roll experience..... and it's shaping up to be something very, very special indeed.
